

## The Days of the Week, the Months, and the Seasons of the Year in Spanish

Welcome to a new session of Learning Spanish for Beginners Podcast.

In this session, we will learn vocabulary and easy ways to tell time in Spanish.

By the way, this episode will focus on the Spanish spoken in Mexico, which you can use to communicate with Spanish speakers from all around the world.

These are basic but very important words to know because they come up in daily conversations, scheduling, and planning. So grab a notebook, and let's get started!

- Lunes – Monday
- Martes – Tuesday
- Miércoles – Wednesday
- Jueves – Thursday
- Viernes – Friday
- Sábado – Saturday
- Domingo – Sunday

Notice that in Spanish, the days of the week are not capitalized unless they start a sentence.

Also, all the days are masculine nouns, so you'll use "el" before them when needed. For example, "el lunes" means "on Monday."

Now let's practice a few common phrases:

- ¿Qué día es hoy?
- What day is today?
- ¿Qué día es hoy?
  
- Hoy es lunes.
- Today is Monday.
- Hoy es lunes.
  
- ¿Qué día es mañana?
- What day is tomorrow?
- ¿Qué día es mañana?

Let's practice some sentences:

- ¿En qué mes estamos?
- What month are we in?
- ¿En qué mes estamos?
  
- Estamos en enero.
